Aryan Suthar

SAP Technology Consultant (Certified) | Java & ERP Systems | Solution Design | IT Student (Final Year)
Vadodara, Gujarat, India

Summary

I am a final-year Information Technology student with hands-on experience in software development and a strong foundation in enterprise systems and solution design.

I recently earned the SAP Technology Consultant Professional Certificate, where I developed a consultant mindset—translating business requirements into scalable SAP and ERP-based technology solutions.

My background spans Java development, web applications, databases, and AI-assisted development, combined with exposure to SAP S/4HANA, system design, requirements analysis, and implementation strategy.

I thrive in structured problem-solving environments and enjoy working at the intersection of business, technology, and stakeholders.

Actively seeking internship or entry-level opportunities in:

SAP Technology / Functional–Technical Consulting

Enterprise Systems & ERP

Software / Java Engineering

I value consistency, learning, and delivering measurable impact.

Experience

Bharti Soft Tech Pvt. Ltd.

Java Developer

November 2025 - Present (3 months)

Vadodara, Gujarat, India

Edunet Foundation

Project Intern

October 2025 - Present (4 months)

Vadodara, Gujarat, India

Avista Web technologies Pvt. Ltd

Internship Trainee

June 2022 - September 2022 (4 months)

Vadodara, Gujarat, India

Built scalable AI-integrated web applications using ReactJS and Node.js, improving processing speed by 35%. Optimized MySQL queries, reducing response time by 30% and improving database performance. Designed user-friendly UI components, increasing user engagement by 25%.
